In "Wild Things" Maria Roman, Tiara Russell and Cassandra Cass embark on a wild 8-week road-trip with a unique mission: to raise money for Maria's brother who is suffering from a life-threatening disease.

The three gorgeous transgenders first featured together in the documentary film 'Trantasia' which chronicled contestants in the first ever 'World's Most Beautiful Transsexual Pageant'.

"Wild Things" reunites the three transgendered women as they visit small towns in the United States and work in traditionally macho jobs to earn cash. From bull-riding for bucks to boxing for bread to cat-fishing for coin there is nothing these beauties won't do to raise some cash. Week after crazy week we'll discover each of these women's fascinating personal journeys and learn what it takes to become a real woman. With their big hearts and infectious spirits Maria, Tiara and Cassandra are easy to watch and hard to resist... and the wild things they'll do to raise money for a friend make for an irresistible adventure.
